We're always looking forward to work with bright individuals. If you one of them and would like to start to work with us feel free to drop us a line.

Right now we're starting our community and we're all not paid. All we can give you in exchange for your work is some 'extra members' stuff like free email account and moderator status at the time we see you're one of us.

1) We're currently looking for a photographer (amateur) who enjoys snapping pictures at baseball games. We will feature your work on our pages and will give you free exposure of your work. to apply send a message to Dale.
